SUMMARY

Full Stack Developer with 1+ year of professional experience building and deploying web applications using React.js, Node.js, Express.js, MongoDB, and PostgreSQL. Experienced in developing REST APIs, integrating frontend and backend systems, managing production databases, and deploying applications using Docker and Nginx.

PROFESSIONAL EXPERIENCE

Full Stack Developer

July 2025 – Present

Allynerds

- Developed and integrated REST APIs using Node.js and Express.js for scalable web application workflows.
- Built responsive React.js components and integrated them with backend APIs to deliver seamless user experiences.
- Managed and optimized PostgreSQL databases in production environments, improving query efficiency and application reliability.
- Containerized backend services using Docker and managed application deployments across server environments.
- Configured Nginx as a reverse proxy for production applications, improving application routing, security, and reliability.
- Deployed and maintained frontend and backend services on production servers and resolved issues across the full stack.

MERN Stack Intern

March 2025 – June 2025

Betasys.ai

- Developed and implemented reusable UI components utilizing React.js, Redux Toolkit, and Tailwind CSS to enhance user experience.
- Designed and optimized RESTful APIs using Node.js and Express to improve application performance and scalability.
- Seamlessly integrated front-end applications with backend APIs to ensure efficient communication and data exchange.

EDUCATION

Master of Computer Application (MCA)

2023 – 2025

Tulsiramji Gaikwad Patil College

61%

Bachelor of Computer Application (BCA)

2020 – 2023

City Premier College

74%

Higher Secondary Certificate (HSC)

2018 – 2020

Balaji Junior College

64%

SKILLS

Languages / Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap, TypeScript

Backend / Database: Node.js, Express.js, MongoDB, PostgreSQL

Tools / Cloud: Docker(Basic), AWS(Basic), Postman, GitHub, WinSCP, PuTTY

Languages: English, Hindi, Marathi

PROJECTS

E-commerce Application

Full-stack platform with login, product browsing, cart, and order placement.

- Developed the frontend using React.js and Tailwind CSS, and implemented the backend with Express.js and MongoDB on a full-stack e-commerce platform.

Quick Notes App

Notes application with add/edit/delete features.

- Implemented data storage solutions in LocalStorage to ensure data persistence. Developed the application using React.js and CSS for a seamless user experience.

Portfolio Website

Personal portfolio built using React.js and Framer Motion animations.

- Demonstrates a comprehensive portfolio of skills, projects, and professional experience in a visually engaging format.
